

Success Story-1

Anindya Kundu, a resident of Village-93/1Lb BaithakKhana Rd, District - Kolkata, joined **Utkarsha Bangla** training programme at Brainware Skills for **Field Technician Computing and Peripherals** course.

He is presently working at **Ocimum Systems Pvt Ltd** as Senior System Hardware Engineer. Now he is earning Rs. 17,000 permonth.

Anindya and his Family:

Anindya is the only person in his family. During lockdown in 2020 he lost his mother while he lost his father many years ago.

As there was no earning member in his family, the responsibility of his mother's treatment was on his shoulders as well his own education. They were suffering from huge financial crisis and it was very difficult for them to carry.

One day he got the information about **Utkarsha Bangla** programme through his relative and to be sure he visited brainware, barasat campus and decided to enroll himself in a non-residential **Field Technician Computing and Peripherals** course at Brainware Barasat Campus of **Utkarsha Bangla** programme. It was quiet difficult to travel from BaithakKhana, Kolkata to Brainware Barasat Campus which is located as North 24 Paganas on a daily basis and completed his **Field Technician Computing and Peripherals** course in a time span of 6 months.

Success in Work Places:

After completing his course he **got placed at Reliable First Pvt. Ltd. in the month of May 2019** and continued for three months. **His first posting was at Bangalore** where he used to get around Rs. 11276/-permonth.

At present he has been working at Ocimum Systems Pvt Ltd with a salary of Rs 17000 at Bangalore and continuing since August 2019.
