New Administrative Building, Barasat,

North 24 Parganas, Pin – 700120

On the website & GM, DIC or Adm(4) may inform the Managing Industrial Units holders

Sub: Information on Industrial Parks of WBIDC

Sir,

You must be aware that West Bengal Industrial Development Corporation Limited (WBIDC) is the premier nodal agency of West Bengal's Commerce and Industries Department and responsible for conceptualizing, development, promotion and facilitation of setting up of industries, investment and infrastructure in the state of West Bengal.

WBIDC Limited is developing a number of industrial parks with state of the art infrastructure in the different districts of West Bengal to provide support to industries. The Industrial parks provide entrepreneurs with required land free from encumbrance along with ready infrastructure facilities like, internal roads, storm water drainage and sewerage facilities, dedicated electrical substations etc. which help them to set up their industries on a hassle free and on a time bound manner.

For proper publicity of availability of industrial land/plots in different Industrial parks, WBIDC time to time publish advertisement in leading news dailies indicating the availability of plots/modules in different industrial parks. Also all the details of availability of land, pricing policy, tentative price of the land and other detailed information are uploaded on the official website of the Organization, i.e, www.wbidc.com.

You are kindly requested to facilitate WBIDC by providing above information to prospective entrepreneurs. The detailed information on availability of land/module in different Industrial Parks developed by WBIDC is enclosed.

Yours faithfully,

(Dr. Krishna Gupta)
Managing Director

Encl: As stated.
